THE HAMBURG-AMERICAN LINE

THE LARGEST STEAMSHIP COMPANY IN THE WORLD

AFFORDS A CONVENIENT AND SHORT LINE TO ENGLAND, FRANCE AND GERMANY

A voyage across the Atlantic may be made today with a degree of comfort and luxury which formerly would have been thought impossible. Seventy-five years have passed since the first steamship crossed from Europe to America, and throughout this period the improvement in steamship construction has been one of the marvels of the world. It is difficult to realize how far the modern steamship surpasses the older vessels, so quickly have we become accustomed to the luxury of modern sea travel.

In this wonderful development, the Hamburg-American Line has taken a leading part. Founded in 1847, it is the oldest German transatlantic steamship company.

The Company's fleet at first comprised but three small sailing ships, the "Deutschland," "Rhein" and "Amerika." The "Deutschland," the largest of the fleet, accommodated 200 emigrants, 20 cabin passengers, and carried 727 tons of freight. Overcoming many difficulties, the Company steadily enlarged its fleet and extended its services. Its marvelous success may be attributed to the rigid discipline aboard its ships, the skillful navigation of its officers, and its unwearied efforts to insure the comfort and convenience of its patrons.

The Hamburg-American Line is today the largest steamship company in the world. Its colossal fleet, comprising 431 ships, 192 of which are sea-going vessels, with a total tonnage of 1,306,819, is the largest sailing under a single house-flag. It maintains 70 different services, calling at more than 300 ports of call in all parts of the world. The Line has long since established a world-wide reputation for its interest in all matters affecting the comfort and well-being of its patrons.

The "Imperator" measures 919 feet in length, 98 feet in width, and has an average speed of 22½ knots. The "Vaterland," of 58,000 tons, which enters the service June 4, 1914, measures 950 feet in length and 100 feet in width, was launched April 3, 1913. These ves-

sels surpass all standards for size, having nine decks above the water line. They are equipped with every safety appliance. These ships will be followed by a third sister ship of similar dimensions. Time of passage to London and Paris 6 days, and to Hamburg 7 days.

Among the features which add to the comfort and pleasure of the passengers on these ships are an elaborate Roman Bath, a Swimming Pool, a Gymnasium and a Grill Room besides the usual attractions of the modern liners.

The Frahm Anti-Rolling Tanks, installed on all three of these ships, together with their great bulk, will counteract the motion of the most violent sea, assuring even the "poorest sailors" of a pleasant crossing.

The Hamburg-American Line has installed Ritz-Carlton restaurants on its vessels, enabling its patrons to enjoy this famous cuisine and refinement of service at sea.

The special pleasure cruises, which have established a new era in sea travel, were inaugurated by the Hamburg-American Line twenty-three years ago. As a result of its long experience in conducting these cruises to all parts of the world, a new and luxurious type of cruising steamer has been developed, which insures perfect comfort on long voyages. These pleasure cruises visit regularly the West Indies and the Panama Canal, South America, the Mediterranean, the Orient and India, Norway and the Top of the World; also Cruise de Luxe Around the World, visiting the West Indies, the Panama Canal, San Francisco, Honolulu, Japan, China, the Philippine Islands, Java, Johore, Burma, Ceylon, India, Egypt and Europe.

The transatlantic services of the Hamburg-American Line are maintained by the new quadruple turbine mail and express steamers "Imperator" and "Vaterland," and by the luxurious twin-screw mail steamers "Kaiserin Auguste Victoria," "Amerika," "Victoria Luise," "President Lincoln" and "President Grant," which sail to Plymouth or Southampton (London), Cherbourg (Paris) and Hamburg; and from Hamburg, Southampton (London), Boulogne or Cherbourg (Paris).

THE CITY OF HAMBURG

The Free and Hanseatic city of Hamburg is, next to London and New York, the most important commercial centre of the world and Germany's largest and principal seaport. It is a rapidly growing city of about 1,000,000 inhabitants and is visited annually by thousands of Americans, it being the home port of the Hamburg-American Line as well as many other large steamship companies whose combined services encircle the entire globe.

The city of Hamburg is but two hours distant by fast express trains from Cuxhaven at the mouth of the river Elbe, where all passengers bound for Germany via Hamburg disembark. Hamburg offers the most excellent railroad connections for all points in Continental Europe. The splendid, new Central Station, said to be the finest and second largest railroad depot in Germany, was only recently completed and is equipped with all modern conveniences. The size of this station and the facilities adopted admit of the dispatching of no less than twelve trains daily for

Berlin and almost equally as many to other large cities such as Frankfurt, Cologne, Hanover, Dresden, Leipzig, etc. There are also frequent trains consisting of first, second and third class cars leaving during the day for points in Russia, Austria, Hungary, Switzerland, etc.

Unlike many seaport cities, Hamburg possesses many fine streets and boulevards of great architectural pretension. Two large lakes of great natural beauty, the Outer and Inner Alster, extend into the heart of the city. Many of the busiest streets enjoy delightful vistas of these graceful shores, bordered by beautiful villas and formal residences, and of the sail boats, canoes and flocks of swans dotted about the quiet waters. The broad boulevards encircling these lakes afford some of the most attractive promenades and drives in Europe.

Hamburg has upwards of forty hotels including some of the largest and most luxurious in the world.

EASTBOUND

London. Passengers by all steamers, excepting by the SS. "Imperator," "Vaterland," "Kaiserin Auguste Victoria" and "Amerika," land at Plymouth by steam tender, and after a cursory examination of their baggage, are carried to London by special train (provided there is mail aboard or there are not less than twenty-five first class passengers). Time, Plymouth to London (Paddington Station), about 4½ hours. Passengers by the steamers "Imperator," "Vaterland," "Kaiserin Auguste Victoria" and "Amerika" land at Southampton and are carried to London by special train (also provided that there are not less than twenty-five first class passengers). Duration, Southampton to London, about 2 hours. A traveling "ladies' attendant," whose special duty will be to attend to the wants of the ladies and children, will be found on these special trains. When the special train is not provided, railway carriages that are later attached to the regular train will be ready at the docks.

Paris. The same steamers which call at Plymouth or at Southampton also stop at Cherbourg, where pas-

sengers bound for Paris are landed by tender. Only the hand-baggage is inspected here, while the larger pieces are placed on the special train to be inspected upon arrival in Paris (Gare St. Lazare). The Hamburg-American Line's special train, consisting of vestibuled compartment corridor cars, fitted with lavatories and toilets, conveys passengers from Cherbourg to Paris in about 5 hours. When the number of passengers booked to Paris does not warrant dispatching a special train, passengers are carried to Paris by the regular trains which leave at convenient intervals, and all the baggage in this event is examined at Cherbourg.

Hamburg. From Cherbourg the steamers proceed direct to Cuxhaven (Hamburg), which is reached in from twenty to thirty hours and where passengers are landed at the dock. The new, large waiting-rooms at Cuxhaven, where all baggage is inspected, are equipped with every convenience, a restaurant and a telegraph office.

CUSTOMS INSPECTION BETWEEN CHERBOURG AND HAMBURG

The Hamburg-American Line has made arrangements with the German Custom Authorities to the end that in future all the baggage of passengers to Hamburg, in first, second and third class of the steamers "Imperator," "Vaterland," "Kaiserin Auguste Victoria," "Amerika" and other steamers of the "Imper-

ator" class, will be examined while the steamers are on the way from Cherbourg to Hamburg and before they reach the latter port. Special instructions with regard to the time of the examination of the baggage, the place reserved therefor on one of the decks, and the requirements of the custom officials will be given the passengers during the voyage.

WESTBOUND

The "Imperator," "Vaterland," "Kaiserin Auguste Victoria," and "Amerika," call at Southampton and Cherbourg for London and Paris passengers respectively, while the steamers "Victoria Luise," "Moltke," "President Lincoln" and "President Grant" call at Boulogne and Southampton.

FROM HAMBURG. On the morning of the day of sailing of steamers, special trains will be dispatched for Cuxhaven. The steamer will sail upon arrival of these trains and immediately following the embarkation of passengers and their baggage. Hours of departure will be given upon application at our Hamburg office.

FROM LONDON. A special train will leave the Waterloo Station (London) for Southampton on day of

departure of the steamers "Imperator," "Vaterland," "Kaiserin Auguste Victoria," "Amerika," "Victoria Luise," "Moltke," "President Grant" and "President Lincoln." Hours of departure will be given upon application at our London office.

FROM PARIS. A special train leaves (Gare St. Lazare) for Cherbourg on day of departure of steamships "Imperator," "Vaterland," "Kaiserin Auguste Victoria," "Amerika," and "Victoria Luise." Hours of departure will be given upon application at our Paris office.

From Paris (Gare du Nord) to Boulogne s./M. for steamships "Moltke," "President Lincoln" and "President Grant." Hours of departure will be given upon application at our Paris office.

ADVANTAGE OF A STEAMER CALLING AT ENGLAND, FRANCE AND GERMANY

The advantage of sailing by a steamer from which one may land in England, France or Germany, is appreciated by the regular annual travelers, who, owing to the great demand for passage during the season, reserve their accommodations months in advance of the sailing date—long before they even made plans for their stay in Europe. In the event of a change in the destination of a passenger sailing by the Hamburg-American Line, it is not necessary for him to cancel the choice accommodations reserved in advance of the season and accept inadequate accommodations on

another steamer, as the Hamburg-American Line's vessels do not go to one port only, but to England, France and Germany. It materially adds to one's comfort of mind to know that when booked for England, for instance, one may, if one wishes, continue to France or Germany without change of steamer or the slightest inconvenience, and at the same time avoid numerous transfers, customs examinations, etc., as well as a possible long, tedious overland railroad trip.

The SS. "Imperator," "Kaiserin Auguste Victoria" and "Amerika" have a Ritz-Carlton à la carte Restaurant

To or from Paris via Cherbourg, \$146.25

To or from London via Southampton, \$140.25

SERVANTS' RATES.—To or from Hamburg, \$77.50; to or from Paris, \$86.25; to or from London, \$80.25.

IMPORTANT—Besides the rooms reserved for servants as mentioned in the above list, they can be berthed on all decks of the steamer and reservation will be made upon request.

NOTE.—In single rooms containing, in addition to the regular berth, a sofa (denoted by X, P or D), no extra charge will be made for the second occupant, provided the rate for the room is listed at not less than two minimum fares.

For passage to or from Cherbourg or to or from Southampton a reduction of \$10.00 per adult from the Hamburg rate is allowed, provided such deduction does not reduce the rate below the minimum.

In rooms with two berths, rated at \$200.00 per berth and upward in high season, no single berths will be sold. If rated at

\$150.00 and upward in intermediate and out of season, no single berths will be sold.

* Rooms marked * are for the sole occupancy of one passenger, and contain but one lower berth.

† If sold in connection with other rooms the regular servants rates will be charged.

For conditions governing rebates in connection with the Ritz-Carlton Restaurant, see page 25.

A deposit of 25% of the passage money is required to secure first cabin reservations. The full amount of passage money is due three weeks before sailing.

For general conditions, rates for 3 or 4 adults in one room, see page 27.

The SS. "Imperator," "Kaiserin Auguste Victoria" and "Amerika" have a Ritz-Carlton à la carte Restaurant

★MINIMUM OR LOWEST RATES FOR ALL SEASONS

To or from Hamburg, \$115.00 To or from Paris via Cherbourg, \$123.75 To or from London via Southampton, \$117.75

SERVANTS' RATES.—To or from Hamburg, \$77.50; to or from Paris, \$86.25; to or from London, \$80.25.

For passage to or from Southampton or to or from Cherbourg a reduction of \$10.00 per adult from the Hamburg rate is allowed, provided such deduction does not reduce the rate below the minimum.

* Rooms marked * are for the sole occupancy of one passenger, and contain but one lower berth.

A deposit of 25% of the passage money is required to secure first cabin reservations. The full amount of passage money is due three weeks before sailing. For general conditions, rates for 3 or 4 adults in one room, see page 27. For conditions governing rebates in connection with the Ritz-Carlton Restaurant, see page 25.

+ Rooms marked + are single berth rooms, but can be converted to accommodate one adult and a child, or if necessary 2 adults. If for 2 adults the minimum rate will be charged. In rooms with two berths, rated at \$187.50 per berth and upward in high season, no single berths will be sold. If rated at \$150.00 and upward in intermediate and out of season, no single berths will be sold.

To or from Hamburg, \$115.00

To or from Paris via Cherbourg, \$123.75

To or from London via Southampton, \$117.75

SERVANTS' RATES.—To or from Hamburg, \$77.50; to or from Paris, \$86.25; to or from London, \$80.25.

For passage to or from Southampton or to or from Cherbourg a reduction of \$10.00 per adult from the Hamburg rate is allowed, provided such deduction does not reduce the rate below the minimum.

*Rooms marked * are for the sole occupancy of one passenger, and contain but one lower berth.

†To accommodate large families or parties of friends, two or more suites can be arranged en suite.

In rooms with two berths, rated at \$187.50 per berth and up.

ward in high season, no single berths will be sold. If rated at \$150.00 and upward in intermediate and out of season, no single berths will be sold.

④ When occupied by more passengers than indicated, the additional persons will be charged the minimum rate.

+Rooms marked +are single berth rooms, but can be converted to accommodate one adult and a child, or if necessary, 2 adults. If for 2 adults the minimum rate will be charged.

A deposit of 25% of the passage money is required to secure first cabin reservations. The full amount of passage money is due three weeks before sailing. For general conditions, rates for 3 or 4 adults in one room, see page 27. For conditions governing rebates in connection with the Ritz-Carlton Restaurant, see page 25.

The SS. "Imperator," "Amerika" and "Kaiserin Auguste Victoria" have a Ritz-Carlton à la carte Restaurant

"IMPERATOR," "KAISERIN AUGUSTE VICTORIA" AND "AMERIKA"

RITZ-CARLTON "A LA CARTE" RESTAURANT AND PALM ROOM

The innovation of a Ritz-Carlton "a la carte" Restaurant aboard ship, introduced by the Hamburg-American Line on the now well-known liners "Kaiserin Auguste Victoria" and "Amerika," created much newspaper comment both in Europe and America, and was hailed by most exacting passengers as one of the greatest improvements in ocean travel; in fact, the great popularity of these luxurious steamers can in a very large measure be attributed to the restaurant. A restaurant and palm court have also been installed on the new S. S. "Imperator" and her two sister ships now building for the line. The restaurant is under the same management and supervision as the famous Carlton Hotel of London and Ritz Hotels of London, Paris, New York, etc. It is not merely a separate "a la carte" service in the regular dining room of the steamer giving a limited selection of dishes, but affords passengers the same choice of food and delicacies as one finds at the best restaurants of Europe and America. Passengers may take their meals at any time during the day and are not restricted to certain hours.

A SEPARATE KITCHEN is provided and as both kitchen and restaurant are staffed from the Carlton Hotel in London, it may be taken for granted that a brigade of chefs trained by Escoffier and a brigade of waiters trained by Ritz make the cuisine and the service as renowned as that of the famous restaurants ashore.

COMBINATION OF RESTAURANT AND GRILL ROOM. The restaurant combines at once the dignity of the famous restaurant of the Carlton Hotel in Pall Mall with the comfort and cosiness of the renowned grill room in the same building, known all over the United States as well as it is in London. It is located on the Promenade Deck and provided with large windows, which remain open in warm weather practically at all times. The prices charged in the restaurant, considering the high class of the cuisine and service, are moderate.

PROVISIONS. The organization for provisioning the ship satisfactorily received very careful consideration. The provisions used on board are of the very best quality. The meat is not frozen, but is carried in spacious well-ventilated rooms of a temperature which secures its quality and freshness unimpaired for the seven days of the voyage.

WINES, LIQUORS, ETC. The wines, liquors, cigars, etc., carried on board have been selected with the greatest care, and are of the choicest brands and

vintages. The best champagnes and clarets that France can produce, the choicest growths of the Rhine and the Moselle, are represented on the wine card, and the wants of those of moderate tastes have also been carefully considered. Every well-known natural and artificial table water produced in Europe and America, and the finest beers and stouts produced in Germany and Great Britain are carried on the ships. It is well known that, outside Munich and Pilsen, no draught lager beer can be obtained in Europe to equal that carried on the steamers of the Hamburg-American Line.

A string orchestra is specially attached to the restaurant, and plays in the restaurant during dinner, and in the palm room after dinner, for the entertainment of its patrons.

Tickets for the "Imperator," "Kaiserin Auguste Victoria" and "Amerika" are therefore issued "with meals" and "without meals."

The following are the conditions governing rebates in connection with the Ritz-Carlton Restaurant on the SS. "Imperator," "Kaiserin Auguste Victoria" and "Amerika." If the passage is taken entirely without meals in the Main Dining Saloon, the allowance will be:

S. S. "IMPERATOR": FOR TICKETS ISSUED AT RATES NOT EXCEEDING \$175.00: \$15.00 per adult, but not per fare paid. For tickets issued at all higher rates, \$25.00 per adult, but not per fare paid.

SS. "KAISERIN AUGUSTE VICTORIA" AND "AMERIKA": FOR TICKETS ISSUED AT RATES NOT EXCEEDING \$125.00 to or from Hamburg; \$127.50 to or from London; \$130.00 to or from Paris: \$15.00 per adult, but not per fare paid. For tickets issued at all higher rates, \$25.00 per adult, but not per fare paid.

This reduction can only be granted when passengers request to be booked on the European plan, without meals, as guests of the restaurant, at time of purchasing their ticket or not later than the first day out after leaving port.

Passengers who decide on board on day of sailing to take all their meals in the restaurant will, upon application to the Chief Steward, receive a coupon showing the amount of rebate they are entitled to. This amount will be deducted from the restaurant bill at the end of the voyage. Under no circumstances will a cash refund be made.

Passengers holding tickets including regular meals in the Main Dining Saloon, who occasionally desire to dine in Ritz-Carlton Restaurant, will not receive any rebate whenever meals are taken in the restaurant.

Passengers booking on the European plan will not be served in the Main Dining Saloon.

BAGGAGE REGULATIONS

All baggage for passengers of outgoing steamers should be carefully marked by means of the labels and tags furnished by the Hamburg-American Line, for each class and for each port of destination. The baggage should be consigned to the "Baggage Master, Hamburg-American Line," at Hoboken, N. J., for the steamers sailing from there, or to the pier at 33d

Street, South Brooklyn, for the steamers sailing from the latter terminal ("Pennsylvania" and "Pretoria,") and all passengers should call at the baggage department at the pier before boarding the steamers, for the purpose of getting their baggage checks and of paying such inland freight or express, transfer and other charges as may be due on their baggage.

ALLOWANCE OF FREE BAGGAGE

In addition to hand baggage, the Hamburg-American Line carries for each passenger (including children paying half price) a trunk not exceeding 14 inches in height, 24 inches in width and 48 inches in length (respectively about 30 centimeters in height, about 60

centimeters in width and 120 centimeters in length) or not more than 165 lbs. in weight, free of charge. Passengers booked to Paris will have to pay one dollar for transshipment and railroad transportation of the cabin trunk thus carried free of charge.

EXCESS BAGGAGE

Passengers taking more baggage along must pay for each additional piece of baggage, not exceeding 18 cubic feet ($\frac{1}{2}$ cubic meter) in volume and 165 pounds (75 kilos) in weight, the following charges:

1. Between New York and Hamburg, Cherbourg, Boulogne s. Mer, Southampton, Plymouth, Genoa or Naples:
Eastbound, \$1=Westbound, M. 4, Frs. 5, 4 Sh., or Lire 5.
2. Between New York and Paris via Boulogne s. Mer:
Eastbound \$2=Westbound, M. 8, or Frs. 10.
3. Between New York and Paris via Cherbourg:
Eastbound, \$3=Westbound M. 12, or Frs. 15.
4. Between New York and London via Plymouth or Southampton:
Eastbound, \$2=Westbound, M. 8, or 8 Sh.

5. Between German and French or English Channel Ports, also between French and English Channel Ports, also between the Italian Ports of Genoa and Naples:

\$0.50=M. 2, or Frs. 2.50, or 2 Sh., or Lire 2.50.

In case that the above measurement and weight limits be exceeded, the charge is increased proportionately to twice, three or more times the above rates, as the case may be.

For the transportation of bicycles on board the steamer a charge of \$2.50 (eastbound), resp. M. 10, Frs. 12.50, 10 Sh., or Lire 12.50 (westbound), per bicycle is made. For motorcycles a charge of \$5 is made. Bicycles and motorcycles must be crated or boxed, and the tanks of motorcycles must be empty.

LIABILITY OF THE HAMBURG-AMERICAN LINE FOR LOSS OF AND DAMAGE TO BAGGAGE

The liability of the Hamburg-American Line for damage or loss as well as for delay in the delivery of baggage, if caused by negligence of the Company's servants, is limited as follows:

For baggage properly checked for a passenger traveling first class not exceeding \$100 per piece.

For baggage properly checked for a passenger traveling second class, not exceeding \$50 per piece.

For baggage properly checked for a passenger traveling third cabin, not exceeding \$40 per piece.

Passengers who desire greater compensation in case of loss of or damage to baggage than mentioned above must declare to the baggage master before boarding the steamer the contents and value of each package.

For baggage thus declared and accepted for transportation by the Company under an enlarged liability, a charge of 1% (one per cent.) of the excess of the declared value over the amount of the Company's regular liability, as specified before, must be paid to the baggage master, besides and in excess of the regular baggage charges.

For loss of and damage to hand baggage, as stated above, the Hamburg-American Line does not assume any liability, unless the said loss or damage occurs while the hand baggage is in the actual custody of its baggage masters on the wharf or on the steamers, or

in the actual custody of the chief stewards or their assistants, on board the steamer.

Merchandise, money, jewelry, documents or similar valuable property, should not be placed in trunks. The Company declines all responsibility for such articles. Money, documents, or any other valuables in sealed packages with the owner's name plainly written thereon, may be given to the captain or purser for safe-keeping during the voyage.

It is specially pointed out that the Company's employees on board ship are not permitted to accept commissions from passengers to attend to baggage and other matters which are not within the scope of their position. Any arrangement of this kind between passengers and stewards, is considered private and in no way binding upon the Company. All baggage matters must be arranged with the baggage master at the pier or on board the steamer.

Claims for lost or damaged baggage must be made immediately upon arrival at port of destination, otherwise they cannot be recognized.

For further information about baggage transportation, in the United States as well as abroad, passengers are referred to our special booklet entitled "Important Information Regarding Baggage," which will be mailed to them upon application.

INSURANCE FOR BAGGAGE

In view of the fact that the Hamburg-American Line's liability for loss of and damage to baggage is strictly limited, by law and by contract, to cases in which the Company's employees are actually at fault, and in point of value, to the amounts stated above (\$100.00 per trunk for I. cabin, \$50.00 per trunk for II. cabin and \$40.00 per trunk for III. cabin baggage), **all passengers are strongly advised to cover themselves against the possibility of loss by insurance.**

The Hamburg-American Line has made arrangements whereby passengers can have their baggage insured, at all of the offices and agencies of the Line, from the time it leaves their home until the time it is returned there, against loss and damage by fire and lightning, and practically all risks and perils of transportation and navigation, anywhere in the world.

This insurance is issued by the **St. Paul Fire & Marine Co.**, in the form of:

Tourists' Baggage Tickets—for short terms—each repre-

senting \$150.00 insurance, at the rate of 25 cents per week, resp. 50 cents for two weeks, 75 cents for three weeks, etc. Any number of tickets up to 40 may be issued, at the rate stated, for higher amounts of insurance up to \$6,000.00.

Worldwide Tourists' Policies—for longer terms are issued at the following rates:

1 month,	50 cents per \$100.00.
2 months,	75 cents per \$100.00.
3 months,	1.00 per cent. of value insured.
4 months,	1.25 per cent. of value insured.
5 months,	1.50 per cent. of value insured.
6 months,	1.75 per cent. of value insured.
7 months,	1.88 per cent. of value insured.
8 months,	2.00 per cent. of value insured.
9 months,	2.13 per cent. of value insured.
10 months,	2.25 per cent. of value insured.
11 months,	2.38 per cent. of value insured.
12 months,	2.50 per cent. of value insured.

For further information, please apply to the offices and agencies of the Hamburg-American Line.

BAGGAGE CHECKED THROUGH TO EUROPEAN INLAND POINTS.

Passengers via Hamburg, per our steamers "Imperator," "Vaterland," "Kaiserin Auguste Victoria," "Amerika," "President Grant" and "President Lincoln" are enabled not only to secure their railroad transportation from Hamburg to points in Germany, Austria and Scandinavian countries on board their steamers, but also to check their baggage through to

their destinations in the countries named and thus to avoid the annoyance and loss of time caused by the rechecking of the baggage in Cuxhaven or Hamburg.

In order to have their baggage checked to inland points in Europe, passengers should apply to the baggage officers of their steamers.

DEPOSIT TO SECURE PASSAGE

A deposit of **one-fourth of the passage money** is required to secure first cabin reservations. The full amount of passage money is due when demanded, but not later than three weeks before sailing. All berths not paid for at that time will be otherwise disposed of. If a passenger cancels a reservation after

having paid a deposit and the Line succeeds in reselling the berths to which it applies, the deposit will be refunded. If it does not resell, the deposit is forfeited. Tickets and deposit receipts are **not transferable.**

Passages from Europe must be paid for before the passengers sail from New York.

CONDITIONS GOVERNING FIRST CABIN TICKETS

Rates for three or four adults in one room. The minimum tariff rate (according to destination or port of embarkation) will be charged for the third adult or third and fourth adults in addition to the regular tariff rate charged for two in a room.

Children between 1 and 10 years are charged half of the minimum tariff rate when occupying a room with two or more adults. Infants under 1 year are charged **\$10 each.**

Two adults only are placed in one stateroom by the Company. In cases of families or friends, the rooms, in which the Company places two passengers, can be arranged for a larger number, if desired.

A whole two-berth room will not be sold for less than two full fares during the height of the traveling season.

Servants are berthed in special quarters, and pay \$77.50 each to or from Hamburg, \$86.25 to or from Paris via Cherbourg, \$83.25 from Paris via Boulogne, \$85.00 to London via Plymouth and \$80.25 from London via Southampton. If berthed otherwise the regular tariff rates will be charged.

Table seats will be assigned by the Chief Steward of the steamer immediately after the vessel leaves the pier. Children paying half-fare must take their meals at children's table.

Additional passage money, chair or rug hire or baggage charges, when paid on board ship should be receipted for on the Company's form.

The attention of passengers is specially directed to the conditions of transportation as set forth in the passage contract issued for each passage.

Valuables. The Hamburg-American Line provides a safe in the office of the Purser, in which passengers may deposit money, jewels or ornaments for safe keeping. The Company will not be liable to passengers for the loss of money, jewels or ornaments by theft or otherwise.

Return Tickets. Return passage orders issued for the Hamburg-Amerika Linie, Norddeutscher Lloyd, American Line, Dominion Line, White Star Line, Holland-America Line, Red Star Line, Atlantic Transport Line, Leyland Line, Cunard Line, Cie Générale Transatlantique, Austro Americana, are interchangeably available for the steamers of all 12 lines.

If the return passage be made by a line other than that for which the return passage order was purchased, and there be no accommodation available on the line in question at the price already paid, the difference in fare will be charged or refunded to the passenger, as the case may be. From refunds a deduction of 10 per cent. is made. As for the rest, passengers are subject to the conditions of the line by which they travel.

For passage to Plymouth, to or from Southampton, to or from Cherbourg or from Boulogne, a reduction of \$10.00 per adult from the Hamburg rate is allowed, provided such deduction does not reduce the rate below the minimum.

STEAMERS LEAVE

With the exceptions mentioned below, the steamers of the Hamburg Service leave from Hamburg-American Piers, foot of First Street, Hoboken, N. J., adjoining Lackawanna Ferries, leaving Barclay, Christopher and West Twenty-third Streets from New York.

The Hudson River Tunnels (Hudson and Manhattan R. R.), from New York (Stations, on 6th Avenue at 33d Street, 28th Street, 23d Street, 19th Street, 14th Street and 9th Street, and Christopher Street at 9th Avenue uptown, and Cortlandt and Dey Streets, Hudson Terminal, downtown) can also be used. The downtown Branch runs via the Pennsylvania, N. Y. Susquehanna & Western and Erie R. R. Stations in Jersey City. The Terminal in Hoboken is within a short walk of the piers.

Time to Hamburg-American Piers (via Tunnels):

From 38d Street and 6th Avenue, N. Y.	20 min.
" 28th " " " " " "	19 "
" 23d " " " " " "	17 "
" 19th " " " " " "	16 "
" 14th " " " " " "	15 "
" 9th " " " " " "	14 "
" Christopher St. and 9th Avenue, N. Y.	12 "
" Hudson Terminal, Cortlandt and Dey Streets, N. Y.	15 "

Passengers are advised to arrive at the pier at least a half hour before departure in order properly to check their baggage at the baggage master's desk, and thus avoid confusion and anxiety.

NOTE—The steamers shown on our sailing list in red, arrive at and sail from the pier at 33rd Street, South Brooklyn, N. Y.

The facilities for reaching the New Pier in Brooklyn are as follows:

By Ferry—From Battery (foot of Whitehall Street), New York, to 39th Street, Brooklyn; or from foot of Whitehall Street, New York, to Hamilton Avenue, Brooklyn, then Hamilton Avenue Car to 33rd Street, Brooklyn.

By Subway—From Manhattan to Borough Hall, Brooklyn, then Third Avenue Car, getting off at 33rd Street, Brooklyn.

By Automobile or Taxicab—From Manhattan by any of the three Brooklyn Bridges, or by either of the above Ferries.

IMPORTANT—Passengers booked for the steamers sailing from Brooklyn will please make certain that they are supplied with baggage tags and labels bearing the address of the Brooklyn Pier and not the Hoboken Piers. Tags and labels can be obtained from the Company's offices or agents.

STOP-OVER PRIVILEGE—PLYMOUTH, SOUTHAMPTON, BOULOGNE OR CHERBOURG

A Stop-Over at Two of the Intermediate Ports Will Not be Allowed Without Additional Charge

Eastbound: Passengers are allowed to stop-over either at Southampton, Plymouth or Cherbourg. The stop-over tickets which may be obtained from the purser are good for 60 days and are not redeemable. Passengers obtaining stop-over privilege may continue the voyage without extra charge on any later steamer on which there may be room available, and in such accommodations as may be vacant. The Company

will assume no responsibility for any delay in case of any change in the sailings of subsequent steamers.

Westbound: Passengers booked for passage from Hamburg to New York are allowed to travel by a previous steamer provided that accommodations are vacant, to either Southampton, Boulogne or Cherbourg and then continue their trip to New York on the steamer on which they have made their reservation of passage to New York.

DOGS, CATS, BIRDS

The charge made for the transportation of dogs is \$10.00 each, whether large or small; cats, \$5.00 each; and birds, \$5.00 per cage. They are placed in charge of the storekeeper, and cannot be permitted to be at large or kept in staterooms or on the promenade deck during the trip.

Dogs cannot be landed in Great Britain without a license issued by the English Board of Agriculture. No dogs bound for Plymouth will be taken aboard steamers of the Hamburg-American Line unless the owner holds a proper license.

STEAMER RUGS TO HIRE

To make for the comfort and especially the convenience of our passengers, the Hamburg-American Line has arranged with the Sea Comfort Company to have steamer rugs on hire aboard all of our North Atlantic, Mediterranean and Cruising steamers. So many inquiries are made by passengers for rugs to hire, that the Company has been encouraged to make this arrangement, which no doubt will be appreciated by travelers. Coupons will be issued for them in the same manner as we do for steamer chairs. A rug of fine quality and softest texture will be furnished by the deck steward upon presentation of the coupon.

This innovation fills a much and long desired comfort, as it does away with an extra piece of luggage and eliminates the possibility of one's rug being lost

or stolen and the consequent disagreeable annoyance and inconvenience. Not the least consideration is the saving to the passenger of the cost of a rug ranging from \$12.00 to \$25.00. The passengers are assured of perfectly fresh and clean rugs, as they are delivered in a linen covering and are specially cared for at the end of each voyage. In this respect they are preferable to one's own rug, which while stored in Europe comes in contact with all kinds of baggage and freight in the storehouses, trains, stations, etc.

The rental for a rug per trip is ONE DOLLAR.

STEAMER CHAIRS TO HIRE

Comfortable steamer chairs can be rented upon application to the Company or any of its Agents. The rental is ONE DOLLAR a chair for the trip.

HAMBURG-AMERICAN CRUISE BULLETIN

The development and present popularity of Winter Cruises to southern seas and foreign lands is to be credited to the enterprise of the Hamburg-American Line. It was this Company that first introduced this form of travel about twenty-five years ago, when a large steamship was sent on an extensive cruise to the Mediterranean and the Orient. Meeting with instant success in this novel undertaking, the Company extended the scope of these pleasure cruises year after year and built several splendid ships especially for the purpose. With characteristic initiative new trips were planned season after season, until today the Hamburg-American Line engages in no less than twenty-five different cruises annually, which include in their itineraries every point of interest along the shores of the Mediterranean and the Adriatic seas, in Egypt and India, the Holy Land and Syria, the Azores, Madeira and Spain; visits to the

beautiful islands of the West Indies, the Panama Canal, the Bermudas and Bahamas; to the coasts of Central and South America, through the Straits of Magellan to Valparaiso; to the "Land of the Midnight Sun," with its beautiful fjords and mountain scenery; to the capitals of Norway, Sweden, Russia and Denmark; to the luxurious seaside resorts of Holland, Belgium, England, France and Spain, and to the coasts of Scotland, Iceland and Spitzbergen.

At the present time the unusual facilities and comprehensive arrangements, the results of these many years' experience, and a fleet of splendidly appointed and equipped twin-screw cruising steamers, all of large tonnage, assure our patrons the very acme of convenience and luxurious comfort, at rates remarkably low for the services rendered.

WEST INDIES CRUISES

DIRECT PASSENGER SERVICE BETWEEN PHILADELPHIA AND HAMBURG

MAINTAINED BY THE LARGE TWIN-SCREW STEAMERS "GRAF WALDERSEE," "PRINZ OSKAR,"
"PRINZ ADALBERT" AND "RUGIA"

CARRYING ONLY SECOND CLASS IN CABIN IN ADDITION TO THIRD. CABIN AND STEERAGE

The favorable location of the City of Philadelphia for commerce, together with the great advantages of its superior railroad facilities, which give it most direct and frequent communication with the West, have no doubt largely contributed to the rapid growth and development of this city, the population of which, according to the census just compiled, numbers more than one and a half million. This marked development particularly during recent years, and the existing demand for a passenger service maintained by large steamers between Philadelphia and Germany have inspired our Company to establish a direct passenger service between Philadelphia and Hamburg, which will be maintained by the large and well-known twin-screw liners "Graf Waldersee," "Prinz Oskar,"

"Prinz Adalbert" and "Rugia," all of which have plied in our transatlantic services from New York.

As there is great demand for second cabin accommodations on steamers that do not carry first cabin, our Company has decided to carry only second cabin passengers on these vessels, in addition to steerage. The entire vessel is at the disposal of second cabin passengers, who are not restricted to a certain part of the ship and have greater freedom than those traveling on steamers carrying first and second class. Owing to the enormous carrying capacity of these steamers, they will sail so steadily that the motion is hardly perceptible. The new arrangement of second cabin enables us to accommodate passengers in excellent cabins amidships on decks far above the water line.

SECOND CABIN RATE PHILADELPHIA TO HAMBURG AND VICE VERSA, \$57.50 PER BERTH

Children between 1 and 12 years are charged half fare each; infants, \$7.50 each.

Parties of three adults or three adults and one child wishing to occupy an entire stateroom with four

berths will be charged three and one-half fares. Rooms with two or three berths will not be sold for less than two or three full fares respectively.

A NEW PASSENGER SERVICE BETWEEN BOSTON AND HAMBURG

This service will be maintained by the large and luxurious twin-screw steamers "AMERIKA," of 22,500 tons; "CINCINNATI" and "CLEVELAND," each of 17,000 tons; the S. S. "FUERST BISMARCK," of 9,000 tons and the S. S. "RHAETIA," of 7,000

tons. The above-named steamers will call at Plymouth and Boulogne on their way to Hamburg, and at Boulogne and Southampton en route to Boston.

AIRSHIP EXCURSIONS

By Zeppelin Airships of the German Airship Navigation Co.

The passenger service by Zeppelin Airships inaugurated last year under the auspices of the Hamburg-American Line and the German Airship Navigation Co., Ltd., has been resumed from the Airship Sheds at Frankfort o/M., Berlin-Potsdam, Baden-Baden, Hamburg and Leipzig.

Airship excursions will be made daily, weather permitting, and the duration of each flight will be from one and one-half to two hours, starting from the airship shed, and flying over the environs of the above-

named cities. The direction and length of the flights will be governed largely by the weather conditions.

The rates for a trip of two hours will be \$50.00 a person. The cost of the longer excursions, to definite destinations, will be fixed according to their length.

Unusual success has attended the passenger flights of the Zeppelin Airships. Scores of trips have been made and hundreds of passengers have enjoyed the delightful sensations incident to a trip of this kind.

TWIN-SCREW SS. "PENNSYLVANIA," "PATRICIA" AND "PRETORIA"

585 Feet Long, 13,400 Tons Carry Only One Class in Cabin, Second Cabin

SAILING BETWEEN NEW YORK AND HAMBURG DIRECT

The SS. "Pennsylvania," "Patricia" and "Pretoria" are among the largest and best known vessels in the world. In their construction and equipment the passenger accommodations have received the most careful attention and are of a superior order and their huge cargo capacity imparts unusual stability and steadiness under all conditions of weather and sea. Although not very fast, many travelers select these steamers on account of the large and comfortable accommodations offered and their extreme steadiness.

There is a great demand for second cabin accommodations on steamers that do not carry first cabin. A great many passengers who usually travel first cabin choose these ships on account of the moderate rate. To satisfy the wishes of this part of the traveling

public, our Company has decided to carry second cabin passengers only, in addition to third cabin and steerage, on these steamers. As the entire cabin accommodations of the vessels are at the disposal of the second cabin passengers, they will have greater freedom than passengers in steamers carrying first and second cabin. Smoking Room and Social Hall are also provided. Some idea of the size of these steamers may be gained from the fact that in the holds of each vessel there is room for so great a cargo that it would take 616 large American freight cars to transport it, or in other words a train of cars reaching from Trinity Church to Central Park, New York, a distance of about 4½ miles.

The rates on these steamers range from \$57.50 a person upward.

HAMBURG-AMERICAN LINE—ATLAS SERVICE

From New York to Cuba, Jamaica, Hayti, Panama, South and Central America

Steamers sail from Pier 65, foot of West 25th Street, New York

SS. "CARL SCHURZ" and "EMIL L. BOAS"

All of the luxuries of modern ocean travel may be enjoyed on the new steamers "Carl Schurz" and "Emil L. Boas" of the Atlas Service of the Hamburg-American Line. The vessels have been especially constructed for cruising in the tropics, with large airy cabins and unusual deck space. The liners, which are of about 6,000 tons register, measure 409 feet in length, 50 feet in beam, 33 feet in depth. These are driven by twin screws and are the fastest steamers sailing to the West Indies. Both steamers were built to conform in every detail of their construction to the rigid regulations of the German laws which are the most exacting in the world.

The cabins compare favorably in their decorations and appointments with those of the regular transatlantic steamers. The dining rooms extend the full width of the ships, assuring abundant light and ventilation. They are sumptuously decorated and furnished with individual tables to lend privacy. The public cabins include a smoking room, ladies' writing room, veranda café, and gymnasium equipped with Zander apparatus. The staterooms are unusually large, doing away with any suggestion of crowding. Many of these rooms are connected, forming large private suites. Special attention has been paid to the commissary department, the galley, pantry, butcher shop, bakery, cold storage rooms, etc. The vessels are equipped with the newest safety devices, including a powerful wireless telegraph apparatus.

THE "PRINZ" STEAMERS

The popular "Prinz" steamers, "Prinz Joachim," "Prinz August Wilhelm," "Prinz Eitel Friedrich" and "Prinz Sigismund" were specially constructed for voyages to the tropics and offer an excellent means of making a comfortable voyage to the West Indies, Panama Canal, South and Central America.

These steamers are of about 5,000 tons each, and are designed to meet the requirements of the most exacting travelers. The cabins are all situated amidships on the promenade, saloon and upper decks, in the superstructure of the vessel, thus affording the maximum degree of ventilation. All are arranged with upper and lower berths and a sofa berth—the lower berth in most cases being an extension berth. Electric fans and other modern devices for convenience and comfort are found in the staterooms and public rooms. On the promenade deck several chambres de luxe have been arranged with private baths.

The main saloon, with a seating capacity for about 100 persons, is located on one of the upper decks, receiving light and ventilation on three sides from large windows. A large skylight passing through the ladies' parlor, situated directly above the saloon, supplies additional light and air. The smoking room and ladies' parlor are luxuriously appointed, and with other special features these steamers have become, in the time they have been in this service, the most popular vessels sailing to southern waters.

Other excellent steamers of the Atlas Service are the well and favorably known steamers "Albingia" and "Allemannia." While their accommodations hardly equal those of the new "Prinz" steamers, they afford very comfortable quarters and good service at moderate rates. The weekly service from New York affords the most convenient means of reaching the inviting shores of the Caribbean.

The S. S. "Präsident" is a new twin-screw passenger steamer specially built and equipped for the intercolonial service, with luxurious accommodation for both first, second and third class passengers.

This service will be particularly appreciated by tourists, as it offers regular connection and comfortable accommodation between points hitherto accessible only by occasional and irregular steamers, and by indirect routes.

Passengers to St. Thomas, Porto Rico and Hayti can thus return to the United States via Jamaica, and inversely, tourists to Jamaica can include these most interesting points in their homeward itinerary.

SOUTH AMERICAN SERVICE

Hamburg-South America—Joint Service of the Hamburg-South American Steam Navigation Co. and the Hamburg-American Line

The Hamburg-American Line and the Hamburg-South American Steamship Company maintain a joint service of passenger and mail steamers between Europe, Brazil and the River Plate. The large, twin-screw passenger steamers "Blücher," "König Wilhelm II," "König Friedrich August," "Cap Arcona," "Cap Blanco," "Cap Ortegal," "Cap Finistere," "Cap Trafalgar" and others ply in this service. These steamers

are of the highest type of marine construction, maintaining a speed of between 14 and 16 knots and make the trip from Europe to Brazil in about 14 days. They are elegantly and luxuriously appointed, particular attention having been paid to ventilation both in their cabins and commodious public rooms; in fact, the equipment and service of these steamers are of the same high standard as found on board the large transatlantic liners.

AFRICA JOINT SERVICE

Among the 68 world-wide services of the Hamburg-American Line, the steamers of which annually call at over 300 ports in all parts of the world, there are several joint services maintained by the Company which touch at all the principal ports in Africa and completely circumnavigate this huge continent. Apart from the opportunities offered to tourists and explorers, who desire to visit Africa for pleasure, recreation, study or research, or to sportsmen and big game hunters who have, as their objective point, the rich African hunting grounds, these services enable travelers to make a complete circumnavigation of the dark continent, an interesting and instructive trip becoming more popular each year. This unique trip "Round Africa" can be accomplished from Hamburg to Hamburg without change of steamer in 80 days, and from Southampton to Southampton in about 74 days, while from Marseilles or Naples around Africa to Hamburg, the journey can be made in 65 days. By some routes, more time is consumed, this depending upon the num-

ber of ports visited and the time allotted to each. All the principal sea ports in North, East, South and South-East Africa are visited, it being possible to make the trip either way around or in connection with an extended visit to any of the African Colonies. The steamers assigned to these services are the largest in the African trade and especially built for voyages in the tropics. The cabins and public rooms are large and well ventilated. On the larger steamers which register between 8,000 and 9,000 tons, commodious cabins de luxe with private bath and toilet have been installed, while a gymnasium and deck swimming-pool add to the comforts of the voyage. The cuisine aboard shares the well deserved praise generally afforded the excellent table provided aboard German steamers, the fare equalling, often surpassing, that enjoyed at first-class hotels. Bookings can be made with all the Hamburg-American Line Agencies for the principal coast and inland points in Africa.

TOURIST DEPARTMENT FOR TRIPS TO ALL PARTS OF THE WORLD

The Hamburg-American Line, by the introduction of many innovations in the construction of their magnificent passenger steamers, the operation of many connecting services, and the facilities of their own well-organized Tourist Department for excursions to any part of the world, has done much to relieve the tourist of all annoyances and inconveniences, and to enable him to travel as care-free as possible, thus winning for itself an enviable reputation and a liberal patronage. Its Tourist Department arranges trips to all parts of the world, and gives advice and information on all matters relating to travel.

The purchasing of railroad tickets in Europe, particularly when one is not familiar with the language of the countries visited, has often been found the cause of annoyance and delay. To relieve the tourist

of this inconvenience, our Company, the representative agents of the European railroads, issues original tickets for such transportation, in this country, so that one may, before leaving home, arrange for the railroad transportation and purchase the final tickets, which require **no exchange** and must be **honored by the conductor of the train used**. Besides the convenience afforded by purchasing the tickets from us, the cost of these circular railroad tickets is considerably less than the tickets purchased from place to place.

Write for Our Booklets, "Fifty Independent Tours"

**"Independent Tours Throughout the World," and
other Literature Relative to Traveling**

containing specimen trips. If travelers will inform the Tourist Department of their itinerary, it will be pleased to furnish rates and other information gratis.

GUIDE AND TRAVEL BOOKS

Good guide and travel books enable passengers to plan their tours intelligently, to spend the time profitably, to see all the sights worth seeing and generally derive the greatest benefit from their travels.

As a facility and convenience to our patrons, we recently inaugurated a department for the sale of guide and travel books. Our stock is most carefully selected and contains books descriptive of travel in all parts of the world. A list of them will be sent upon application.

Passengers may return home direct to New York from Genoa, Naples, Southampton, Cherbourg, Boulogne or Hamburg by embarking on the next connecting steamer following the S. S. "Cleveland's" arrival. Returning from Southampton, Cherbourg or Hamburg prior to July 15th, similar accommodation as occupied on S. S. "Cleveland" will be provided. From July 15th to August 15th, and October 15th to November 1st, tickets will be available for minimum rated accommodation (provided such accommodations are available) on the steamer

selected. From August 15th to October 15th a supplementary charge of \$50.00 per adult and \$25.00 for children between one and ten years of age will be made for minimum rate berths (provided such accommodations are available). For higher rate berths a proportionately higher rate will be charged. Under no circumstances will a cash refund be made for any unused portion of the trip.

Arrangements aboard and ashore under the management of the Hamburg-American Line.

Route of the Around the World Cruise by the S. S. "Cleveland."

YOU CAN CASH THEM IN ANY COUNTRY

Hamburg-American Line Travelers' Checks are offered to passengers as a modern means of carrying funds and to avoid the monetary loss incurred through exchange on funds carried from one country to another. ¶ The checks combine security, economy and convenience, and are in every respect the most desirable form of carrying funds when traveling at home or abroad. ¶ They are issued in \$10, \$20, \$50 and \$100 denominations, and are payable at the Company's agencies without charge or deduction. As each check shows on its face the exact valuation in the currency of all the principal countries of Europe, they are a decided advantage to the holder. ¶ In countries not especially designated, the checks will be honored by our correspondents at the current rate of exchange.

Payable the World Over. Each purchaser is furnished with a list of correspondents located in all civilized countries who will cash our checks. Unlike letters of credit, they may be used aboard all the steamers of our line for the payment of bills accrued during the voyage. In addition the checks will be received by the principal hotels, steamship and sleeping-car companies, by merchants, shop-keepers and others in settlement of accounts, etc.; thus the traveler avoids the loss of time in visiting banks and the vexatious delays caused by the inability to obtain funds on holidays, the Sabbath or after business hours.

Security and Identification. In order to provide a practical means of identification, and at the same time to insure the greatest possible security against misuse of the checks by unauthorized persons, a card of identification is furnished purchasers, who will be required to affix there-to a specimen of their signature at the time of sale.

the checks. ¶ If the purchaser desires the checks to be used by two members of his family or party, a second card of identification may be obtained, thereby, in case of necessity, allowing either of the holders to use the checks and at the same time eliminating the disagreeable annoyance of the possible loss of a letter of credit.

Cost. A commission of one-half of one per cent. (minimum 50 cts.) will be charged at the time of purchase in addition to the face value of the checks, this being the only expense to the purchaser excepting when a stamp tax is levied in the country where the check is cashed.
